

# WOW YOUR BROWS

*Bold-as-brass eyebrows are BIG news this season, so ACE YOUR ARCHES with our pick of the best groomers* BY JUSTINE KNIGHT

## GROW them out

### THE TREATMENT

If over-plucking has left your brows straggly, then it's time for brow rehab with Benito Brow Bar's Back To Wow, £75. This treatment tints your brows darker than normal so your regrowth is less noticeable. Then during six-weekly checks (included in the price), stray hairs are threaded away. On your final visit, your brows are tinted and styled to perfection.

**THE KIT** \*Benefit Speed Brow, £12, (right) sorts S.O.S. brows fast with a tinting and taming formula. \*Adonia Brow Revive, £37, promises 88 per cent fuller-looking brows in 21 days.

## THE ARCH ANGEL'S TOP TIPS

Shavata Singh, who tends to the brows of Elle Macpherson (below), shares her tips on shaping up: \*Pinpoint the arch of your brows by brushing the hairs upwards with Shavata Brow Brush, £7.50. Smooth back down, and your arch should be the highest point, after which the brow line tapers off. \*Pluck underneath the arch but *never* from above, remove hairs between your brows and tidy strays. Go easy, the look should say: "Bountiful".
