

Jess of the jungle

ALL YOU NEED TO KNOW
ABOUT I'M A CELEB BABE
JESSICA-JANE CLEMENT

Hustler baby

Jessica is more than just a pretty face. She keeps her wits about her on BBC3's *The Real Hustle* as she tries out scams on members of the public to make sure they don't get ripped off by con artists.

Eye opening

Who needs mascara? Jessica went into the jungle with semi-permanent lashes, from JINNYlash, to keep her looking fabulous. She also had 3D brow treatment, at Tracie Giles' clinic, which creates a defined, designer brow. No need for plucking!

Surgery nightmare

Jessica's lips haven't always looked so luscious. At 22 she had fillers in them, which went horribly wrong. 'They swelled up and I had these two pea-sized balls at the end of my lips,' she revealed. 'I was devastated and I felt so stupid that I had done it.'

Busted!

Jessica's 30E assets have bagged her plenty of attention and she's bared all for men's magazines. Bizarrely, she says she doesn't wear bras to keep her curves in place.

Bum deal

It's no secret Jess has a peachy bum. And she loves showing it off in itsy-bitsy bikinis. Before going into the jungle she said, 'I wear Brazilian ones, which are small on the bum.'

Flat as a pancake

Jessica maintains her trim tummy by eating small, regular meals. 'I'm more of a grazer,' she says. 'I tend to go through the day eating little and often. If I wake up in the jungle and there's no big fry-up, it won't bother me.'

Tantastic

Wondering how Jessica keeps her skin looking so bronzed? She's a big fan of Unreal fake tan. 'It looks natural and leaves my skin really soft,' she says.

Perfect pins

Dancing is the key to Jessica's toned thighs. She trained in ballet, tap, jazz and hip-hop as a child and has starred in music videos including Craig David's *All the Way*.
