Celeb beauty tips *Fancy going down the A-list route with a more extreme treatment? Here's the lowdown...*

Frankie Sandford

BRIGHT SMILE

Veneers have become a celebrity staple*. They're shells of porcelain that are bonded to the front of your teeth, but from £500 per tooth, it's not cheap to get a smile as spot-on as Frankie's! An alternative is the

realistic-looking Snap-On Smile, from £1,000, which fixes to the front of your teeth to leave you with a set of perfectly straight gnashers (Snaponsmile.co.uk). We're also loving the new **WY10 Trays Home Whitening**, price on request, from Smile Studio. You wear it at intervals over 10 days to whiten your teeth by up to 14 shades, for a gleaming smile worthy of *The X Factor* judges.

Jennifer Aniston

EYE LIFT

The new **Eye Secrets**, from £29.99, have caused a bit of a stir in the beauty world, with even Jennifer Aniston reported to be a fan. We've often stood in front of the mirror and wished our eyes were bigger or wider, and these

temporary strips bring you that bit closer to achieving it without going under the knife – or spending all your savings. The tiny, adhesive strips are invisible on the skin and stick to your eyelid to give the whole eye area a lifted appearance, smoother skin and a youthful shape. They can be used daily to lift sagging eyelids or enhance deep-set eyes (Eyesecrets.co.uk).

Kim Kardashian

BEAUTIFUL BROWS

Having your brows painted with semi-permanent dye is the new It beauty treatment, as statement brows become more fashionable (think Kim Kardashian). It's far

softer – and less painful – than brow tattooing. Tracie Giles, who applies semi-permanent make-up to the stars, explains, 'By using 3D strokes of mineral pigment, you can redefine any brow. It's a beauty cheat that will leave you looking that little bit more groomed and lasts up to 18 months.' **Tracie Giles 3D Hair Perfection Brown Treatment**, from £495, Traciegiles.co.uk.
